Dear Glenn:	Defile Ex
While it is son since it antedates your trip to Vienna, so has a continuing value, if true. You may report as a copy was sent to the Commissionannels.	25X1 newhat dated today me of the information have already seen the
I should be greatly interested sions of your Vienna meeting; your analyst reasons for Yemelyanov's tantrum, and a the view expressed about the attitude of c toward the Berlin crisis. Possibly we co talk about this, unless you have a report	sis of the underlying also whether you share ertain Soviet scientists ould get together for a

Sincerely yours,
